

Valley Vision

What is Valley Vision Stanislaus?

- Blueprint of region's future transportation improvements and investments based on goals established by the region
- Minimum 20-year time horizon
- Regional level plan covering all modes of transportation (car, bike, pedestrian, bus, rail and aviation)
- Coordination of regional land use, housing & transportation planning

What must the Plan do?

- Reflect the shared vision of all of the Cities and the County
- Use Fiscal Constraint – we can only include projects we can pay for; *we cannot include revenue from a potential transportation sales tax.*
- Preserve and emphasize efficient use of our existing transportation system.
- Provide a prioritized list of projects
- Achieve region’s established air quality goals

Link Transportation and Land Use Planning

- Coordinates land use plans, regional housing plans for residents of all incomes, and transportation investment plans to attempt to reduce greenhouse gas emissions
- Secondary benefits include: reducing congestion, improving air quality, and providing more housing and transportation choices
- Does NOT supersede local land use decisions
- Required by State Law

Key Milestones

Establish Principals and Goals/Develop Project List
Dec 2012-Feb 2013

Create Land Use and Transportation Scenarios
Jan 2013 – June 2013

Select Preferred Land Use Scenario and Transportation Investments Jan 2013 – June 2013

Prepare Draft and Final Plan
July 2013 – November 2013

Environmental Review
January 2013-November 2013

What form of transportation do you use most often?

1. Drive alone
2. Carpool
3. Motorcycle
4. Bus (local)
5. Bus (regional)
6. Bike
7. Walk/run

How would you describe the overall quality of life in the region?

1. Excellent

2. Good

3. Fair

4. Poor

5. Very poor

Which of these is the MOST important to you?

(Pick Three)

1. Expand existing public transit
2. Invest in new transit services
3. Expand or widen existing roadways
4. Maintain existing roadways
5. Invest in new roadways
6. Invest in operational improvements
7. Invest in non-motorized improvements

What are your biggest concerns with regard to Valley Vision Stanislaus?

(Pick Three)

1. Loss of local control by my jurisdiction
2. Lack of available funding for projects
3. Will my (i.e., the public's) input be considered to help shape the plan?
4. Ability to reach plan goals
5. Prioritization of projects
6. None of the above

What is the most important issue to you in this process?

1. Offering more transportation choices
2. Improving air quality
3. Providing more housing choices
4. Conserving valuable farmland
5. Reducing traffic congestion
6. None of the above

How should we grow?

We have plenty of land so we should not worry about cities spreading out as they grow.

1. Strongly Agree
2. Agree
3. Neutral
4. Disagree
5. Strongly Disagree
6. Don't know

How should Stanislaus County Grow?

1. Keep it exactly as it is today
2. Similar to past growth patterns
3. Slightly more compact than past growth patterns
4. Much more compact than past growth patterns

Where should we grow?

1. In existing cities
2. Adjacent to existing cities
3. Anywhere (*no limitations*)
4. Nowhere

Next Steps

Key Milestones

- Visioning Workshops
 - January & February 2013
- Alternative Scenario Development Workshop
 - March 2013
- Preferred Alternative Scenario Selection Workshops
 - May 2013
- Draft Plan and Draft EIR
 - June/July 20
- Final Plan Adoption/EIR certification
 - October 2013

QUESTIONS?

Working Together for Regional Success!

The Stanislaus Council of Governments is starting the development of **Valley Vision Stanislaus**. This is a long range planning document that will provide the framework for investment in roads, freeways, public transit like buses, bike trails and other ways people move around our County for the next 25 years. It will also include a plan to
